BEDIAN LAHORE SETS NEW RECORD

381 Students Admitted in January 2022 Session

GROUND BREAKING CEREMONY

Hanif Gohar Technical Institute, Dhodial Campus, Mansehra

ABBAS AKBERALI BOARD MEMBER THE HUNAR FOUNDATION

Not very long ago, a group of like-minded five friends, including myself, realized that a majority of the youth of Pakistan, particularly in the middle and lower income segments, after completing their Matriculation (High School), lose their direction and had no guidance or counselling about their future careers.

On the other hand, as a fast developing economy, there was a growing need for skilled manpower in Pakistan across multiple sectors and thus narrow the gap between demand and supply of skills. Hence there was a compelling need to launch a world class skill development platform that would impart skills to the marginalized youth of our country, thus an idea was born and The Hunar Foundation came into being.

After relentless efforts and a persistent mission-mode approach for over a decade, today the Hunar Foundation has established eight (8) institutes across Pakistan, has trained more than 8,000 graduates of which 80% are employed with more than 165 employers and continue to uplift their families from poverty. As the world continues to evolve at a rapid pace, at THF we strongly believe in adapting to change. The introduction of programs related to innovative emerging technologies & digital skills at our institutes bear testimony to our belief and resolve to develop a generation of skilled youth who can avail local & global employment opportunities.

The concept of Women Empowerment is close to our heart. In this context we have developed two (2) fully operational women institutes to impart fashion designing, hair & beauty, industrial sewing, customer service and hospitality skills to women so that they can play a prominent role in their families and in the society.

I also take this opportunity to thank our donors, sponsors, partners, the Friends of Hunar, our institute teachers and every well wisher who in their own unique way are contributing towards the growth and success of THF.

So as Pakistan continues its ascend to growth, we at THF are firmly committed to be an integral part of this journey by empowering the youth and women with cutting-edge skills that will help them to transform their lives and fulfill our vision to create "A Skilled Pakistan."

BOARD MEMBER MR. SHAHID ABDULLA AWARDED SITARA-E-IMTIAZ

MOU SIGNED WITH SINDH BOARD OF TECHNICAL EDUCATION (SBTE)

MoU signed with Sindh Board of Technical Education (SBTE) to strengthen a productive relationship & prepare skilled workers for Recognition of Prior Learning (RPL)
