## THF's On-Job Training Transforms Skill Learners Into Bread Earners

The Hunar Foundation (THF) achieved a significant milestone by providing On-Job Training (OJT) to its students, the first step to shaping them into capable professionals. Recent batches from Tando Allahyar, Kharian, Hunar Care, and Hunar Karigar Institutes underwent OJT with notable organizations such as the Thar Foundation, Cancer Foundation Hospital, Suzuki Defence Motors and Vocational Institute Lalamusa. The exposure to these esteemed institutions not only provides a first-hand look into the professional realm but also grooms individuals to secure positions in well-established companies, thus transforming them into valuable contributors to their families and communities.
