Celebrating Women's Empowerment: Graduation Ceremony Marks Successful Completion of British Asian Trust Program

The Hunar Foundation (THF) proudly hosted the graduation ceremony for the final cohort of its flagship program "Driving Women's Economic Empowerment," funded by the British Asian Trust (BAT), at the National Aerospace Science & Technology Park (NASTP) in Karachi.

Implemented during 2022–25, the program provided vocational training to over 2,200 young women across diverse disciplines, equipping them with market-relevant skills and opening new doors to employment and entrepreneurship. The initiative aimed to foster economic independence among underserved women, many of whom are now on their way to becoming income earners and change-makers within their communities.

The graduation ceremony, attended by over 500 participants — including students, faculty, THF officials and distinguished guests from government, civil society, and industry — marked a meaningful conclusion to the program. It celebrated not only the technical skills gained but also the resilience, determination, and potential of each graduate. The strong presence of diverse stakeholders reflected a shared commitment to promoting gender equity and fostering inclusive economic growth in Pakistan.

The ceremony resonated with a message of hope, progress, and opportunity, reflecting the program's far-reaching impact and the strong partnership between THF and the British Asian Trust in empowering the next generation of women leaders.

Hunar Healthcare: A New Era of Purpose-Driven Training!

Launched in 2023, The Hunar Foundation's Healthcare Programs have quickly emerged as a game-changer — opening doors to rewarding careers in one of Pakistan's most critically needed sectors. The overwhelming response and impact of these programs led us to take a bold next step: the establishment of a dedicated, purpose-built institute in Korangi.

The Feroze Fatima Healthcare Institute is not just a campus—it's a statement of intent. With state-of-the-art labs, expert-led instruction, and curricula shaped by real-world demands, this facility represents a transformative leap in vocational healthcare training. Here, young men and women are not just learning skills; they're preparing to become compassionate, capable professionals who will serve with dignity and purpose.

This milestone reflects Hunar's long-term vision: to elevate technical education while directly addressing Pakistan's growing need for qualified healthcare workers. It's more than an institute — it's a launchpad for future healthcare heroes.

Building Skills, Bridging Gaps:

The Hunar Foundation (THF), in collaboration with the Pakistan Poverty Alleviation Fund (PPAF), is forging pathways to inclusive growth through technical and vocational training. This powerful alliance is working to close opportunity gaps in marginalized communities across 13 districts, including Lahore, Tando Allahyar,

THF and PPAF Champion Inclusive Empowerment!

Burewala, Rahim Yar Khan, Multan, Faisalabad, Hyderabad, Rawalpindi, and beyond.

At the heart of this initiative are community awareness sessions — now in full swing across these regions — designed to inform and inspire. These sessions are playing a pivotal role in raising awareness about the life-changing potential of Technical and Vocational Education and Training (TVET), especially among underprivileged youth and minority groups.

The project aims to encourage young men and women to enroll in skill development programs at The Hunar Foundation — programs that lead not just to jobs but to dignity, independence, and long-term resilience. By combining practical training with purposeful outreach, THF and PPAF are not only developing skilled professionals — they're reshaping futures with equity, inclusion, and hope at the core.

From Classrooms to Careers Abroad: THF Graduates Selected for International Opportunities!

In a significant milestone for The Hunar Foundation, more than 10 of its graduates have been selected by Sharkawi Co., Saudi Arabia, during a dedicated overseas hiring drive hosted at THF. This achievement underscores the global relevance of THF's industry-aligned training and its mission to empower skilled youth for international success.

These young professionals are not just securing employment — they are stepping onto the world stage as ambassadors of Pakistan's talent, resilience, and technical excellence. The selection by a reputable global employer like Sharkawi Co. reflects the growing confidence in THF's ability to deliver high-quality, job-ready graduates equipped for cross-border opportunities.

From Learning to Lifesaving: The Journey Starts at Hunar!

The Friends of Hunar team witnessed the dedication and quiet resolve of future healthcare champions at the Feroze Fatima Healthcare Institute in Korangi. Here, students are being equipped with essential healthcare skills, driven by a deep sense of purpose and focus. These young women and men aren't merely training for jobs—they are preparing to take on roles defined by compassion, responsibility, and meaningful impact. At THF, we believe opportunity should be as widespread as talent—and that's the future we're building together.

Schneider Electric and THF Explore Strategic Partnership to Advance Green Energy and Vocational Excellence!

In a forward-looking visit to The Hunar Foundation, Schneider Electric (SE) explored a broad spectrum of collaboration opportunities — from becoming THF's knowledge partner to mobilizing CSR funding through SE's partner network for solar energy installations across THF campuses. The delegation, led by Thomas Bonicel, Regional Director for Access to Energy, along with Sadaf Waqar and Faizan Sarwar, engaged in

strategic discussions focused on co-developing customized training programs, offering technical certifications, and enhancing vocational excellence through advanced learning tools. The dialogue also touched on joint efforts to establish state-of-the-art electrical trade labs. This evolving partnership holds the promise of unlocking new frontiers in green energy, innovation, and transformative skills development.

Eid at Hunar: Celebrating Unity, Joy, and Community!

Eid at The Hunar Foundation was a vibrant celebration of joy, tradition, and togetherness. Campuses came alive with color, culture, and connection as students and staff marked the occasion with shared laughter and heartfelt moments. It was more than just a celebration — it was a reflection of our values. At Hunar, we honor people as much as progress. From warm embraces to communal meals, every gesture spoke of unity, gratitude, and belonging. Across every classroom and corridor, the spirit of Eid wove a beautiful tapestry of hope and humanity.

Champions of Change!

The Hunar Foundation shows its gratitude to the following organizations for standing by us in transforming lives and building a more inclusive tomorrow

Together, we commit to building a Skilled and Poverty-Free Pakistan

Heroes of HUNAR!

From Classroom to Corporate: Feroz Khan's Rise

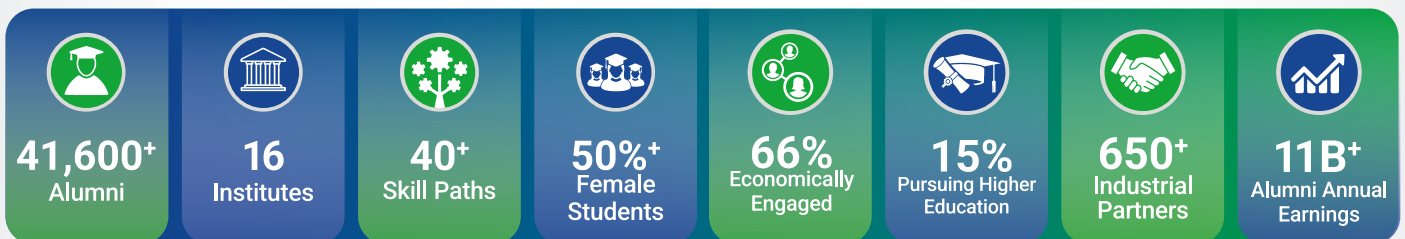

From an IT Computer Office Assistant trainee at THF's RDMC Institute to an Administration Officer at Reko Diq Mining Company, Feroz Khan Kabdani's ascent is nothing short of extraordinary. His journey — from humble beginnings to a commanding seat in corporate leadership — stands as a resonant testament to what skill, resilience, and unshakable will can forge. In every stride, he embodies the promise that empowered talent knows no limits.

Saba Khan: Stitching Strength Into Every Story

Emerging from the deeply traditional Hazara community, Saba Khan transformed adversity into artistry through her training in Fashion Design and Digital Marketing at The Hunar Foundation — made possible by the support of the British Asian Trust. Inspired by her mother's unwavering resilience, Saba has not only built a career but sparked a movement. Today, she is not only pursuing a career in design but also inspiring others from similar backgrounds to believe in their potential and follow their aspirations.
