Oral Health Awareness & Screening Camp at FFHTI

Feroze Fatima Healthcare & Technical Institute (FFHTI) hosted an Oral Health Awareness and Screening Camp in collaboration with leading hospitals across Karachi, providing free oral health screenings to more than 100 individuals. The initiative promoted the importance of preventive healthcare, early detection, and regular oral health check-ups, with participants receiving timely guidance and referrals where required. For FFHTI students, the camp

provided an opportunity to learn through real-world clinical experience. Working alongside healthcare professionals, students engaged directly with patients and participated in supervised screenings, strengthening their practical skills, confidence, and professional readiness. The initiative reflects The Hunar Foundation's commitment to building a skilled Pakistan, where quality technical and healthcare education goes hand in hand with experiential learning, community engagement, and the development of skilled professionals who are ready to make a meaningful contribution to society.

The Hunar Foundation Partners with Habbah Educational Trust

The Hunar Foundation has partnered with Habbah Educational Trust on Habbah Elevated Pathways, an initiative designed to complement vocational training with the life, workplace, and entrepreneurial skills young people need to build successful careers and sustainable livelihoods.

Building on THF's technical and vocational education model, the initiative will focus on strengthening students' communication skills, financial literacy, digital fluency, enterprise readiness, mentoring, and career transition support. The pilot will be launched at THF's Orangi Campus, creating an opportunity to develop and test an integrated model of youth development. The collaboration reflects a shared commitment to empowering young people, particularly young

women, with skills, confidence, and opportunities to shape their own futures. Through this partnership, THF and Habbah Educational Trust aim to develop a replicable model that can strengthen employability and expand pathways to dignified livelihoods for vocational learners across Pakistan.

World Environment Day 2026 at THF Lahore

With the support of PPAF, THF's Farouq Ahmed & Aftab Shamsi Technical Institute (FAASTI), Lahore, marked World Environment Day 2026 through a series of activities promoting environmental awareness, sustainability, and community engagement. Students expressed their commitment to environmental stewardship through speeches, poetry, tableau performances, and tree plantation activities, highlighting the importance of protecting our

environment and embracing sustainable practices. Discussions around climate responsibility reinforced the role each individual can play in building a greener and more sustainable future. The celebrations also included symbolic pledges and recognition of participating students through certificates. At THF, we believe that building a skilled Pakistan goes beyond technical competence. It also means nurturing responsible, aware, and engaged citizens who can contribute positively to their communities and help shape a more sustainable future.

Representing THF at the National Skills Competition – WorldSkills Pakistan

The Hunar Foundation is proud to share that Hamza Nasir and Muhammad Abuzar, students of the General Electrician Trade at Pak Arab Technical Training Institute (PATTI), Multan, represented THF at the National Skills Competition – WorldSkills Pakistan, organized by NAVTTC. Their participation on a national platform reflects the technical competence, practical skills, and dedication developed through THF's industry-focused training. Competing alongside skilled trainees from across the country, they demonstrated the confidence and capabilities that vocational education can build. Their achievement is a source of pride for THF and an inspiration for fellow trainees. It reinforces our commitment to excellence in

technical education and building a skilled Pakistan, where young people are equipped to confidently compete at the highest levels.

REKO DIQ Summer Camp in Collaboration with IBA Sukkur

THF's REKO DIQ Mining Company Technical Institute (RDMCTI) hosted the REKO DIQ Summer Camp, organized in collaboration with IBA Sukkur, with an orientation session marking the start of the seven-week

programme. By providing classrooms, IT labs, conference facilities, and accommodation, THF-RDMCTI is supporting an initiative that expands access to quality learning opportunities for students from the local community. The Summer Camp aims to prepare participants for scholarship opportunities and admission to HEC-recognized universities across Pakistan, helping young people strengthen their pathways to higher education. Through this collaboration, THF continues to contribute to building a skilled and empowered generation, while supporting long-term educational opportunities for youth in the communities it serves.

Champions of Change

The Hunar Foundation shows its gratitude to the following organizations for standing by us in transforming lives and building a more inclusive tomorrow.

Together, we commit to building a Skilled and Poverty-Free Pakistan!

THF Joins the World Bank's Pakistan Works Workshop

The Hunar Foundation participated in the World Bank's Pakistan Works Workshop in Islamabad, bringing together senior government officials, private-sector leaders, and development partners to discuss jobs, skills development, and labour-market opportunities in Pakistan. THF's CEO Sustainability, Ghufraan Khan, represented the organization in a

panel discussion, emphasizing the need for key reforms to transform Pakistan's TVET sector into a dynamic, industry-responsive platform that develops a skilled workforce for both local and international economies.

The dialogue highlighted the need to redefine TVET not simply as a welfare agenda, but as a strategic workforce development priority, focused on relevant skills, mastery, and meaningful employment outcomes rather than training numbers or certificates alone. Participants also emphasized the importance of stronger industry partnerships, innovative financing mechanisms, and effective public-private collaboration to build a more dynamic and responsive skills ecosystem. THF remains committed to contributing to national conversations on skills and workforce development and to building stronger pathways from skills to employment leading to dignified livelihoods for Pakistan's youth.

Creative Design Workshops at THF Lahore

Fashion Designing students at THF's Lahore campus, participated in hands-on Clay Painting and Handmade Jewelry workshops, strengthening their creativity, craftsmanship, and practical skills. Students explored techniques including colour blending, detailing, and texturing for clay products, while also learning to design and craft handmade bangles, bracelets, and earrings.

A total of 35 students took part in the interactive sessions, creating home décor pieces and fashion accessories that demonstrated their creativity and craftsmanship. The workshops also encouraged innovation, confidence, and entrepreneurial thinking, enabling students to explore self-employment opportunities by turning their skills and creativity into marketable products.

Empowered by THF – Stories of Success

Samanthw Amjad, a graduate of THF's Physiotherapy Technician Training Program, turned her clinical skills into a successful career. Today, she earns approximately Rs. 60,000 per month as a Physiotherapy Technician, reflecting the value of hands-on training.

Mishal Fatima, a graduate of THF's Digital Marketing & SEO program, transformed her skills into a successful career as a Social Media Marketer at Nastap Kharian. Today, she is earning independently while contributing to her family's financial well-being, demonstrating how industry-relevant skills can lead to meaningful employment.

Voice of Impact: Donor Reflection

“The Hunar Foundation is creating a better future for young boys and girls across Pakistan through skills and opportunities. We fully support and appreciate THF's tireless efforts. The Prime Minister's Youth Programme proudly acknowledges THF's commitment to building a skilled and empowered Pakistan.”

Rana Mashhood Ahmad, Chairman of the Prime Minister's Youth Programme (PMYP)
